ELEVCON 2014 PARIS The 20th International Congress on Vertical Transportation Technologies

Dear Colleague,

The first Elevcon was held in Nice, France in 1986, and for our 20th anniversary event we thought it appropriate that IAEE returns to France. Therefore, it is with great pleasure that we issue the first announcement of Elevcon 2014, the 20th world congress of the International Association of Elevator Engineers in Paris, France. We plan an outstanding program of presentations by leading experts from all over the world within the vertical transportation industry and we hope you will contribute to the success of the congress, either by presenting a paper or simply by your participation. The congress and exhibition of industry innovations are planned for three days at the Novotel congress centre, one of the most prestigious conference centres in Paris.

Join us in Paris for Elevcon 2014

Call for Papers

We have great pleasure in inviting you to share your experience, knowledge and opinions with other experts from all over the world by presenting a paper at Elevcon 2014.

The abstract of an original paper on all topics relevant to vertical transportation technologies should be no longer than 100 words, with 10 words title, classification of the topic, authors' name(s), company, address, email, phone and fax numbers. Proposals for workshops are welcomed as well. Workshops should discuss topics that involve the audience rather than being mini-sessions.

Once your abstract is accepted, guidelines for paper preparation and further information will be provided. The written papers will be included in the book Elevator Technology 20, Proceedings of Elevcon 2014. We should receive your abstract /proposal for workshops no later than 1 October 2013.

The official language of Elevcon 2014 will be English and will be used in all presentations and printed material.

Send your proposals to: Ami Lustig, Elevcon 2014 Chairman & Program Manager – Email: lustig@elevcon.com
